User Stories
1. As a user, I want to be able to delete text, so that I can correct mistake I have made in my typing.
2. As a power user, I want to be able to save my document at any time, so that I can be sure my work is not lost or deleted.
3. As a user with less perfect than 20:20 eyesight, I want to be able to change the size of the text, so that I can see what I am typing.

Functional Requirements
1. The system should provide a way to change the size of the text.
2. The system should provide a way to modify text after it has been typed.
3. The system shall provide a way to save text within 2 seconds of the save button being clicked.
